## HORRORS TOO GREAT FOR TELLING

Polar Explorers Refuse Details of Scott Party Tragedy In Polar Region

## PAY TRIBUTE TO BRAVE FINDER OF SOUTH POLE

Declare He Was Ideal Leader; Party Within 11 Miles of Supply Cache

SAN FRANCISCO, May 15.—Arriving enroute to England from Australia, Charles Wright and Frank Debenham, members of the Scott Polar expedition, refused to disclose the mysterious circumstances of the death of Capt. Scott and his several companions at a point eleven miles from a supply cache on their return trip from the discovery of the South Pole.

"Too horrible for description," Wright said. "It would serve no purpose but to satisfy morbid curiosity. We buried them where they fell."

Both men paid Captain Scott the highest tribute as a brave man and great leader. Wright said that Captain Scott, Dr. Wilson and Lieut. Bowers died together in their tent in a blizzard that had been raging ten days. They had bravely fought the elements until they were close to the cache that meant food and fire. In his tribute to Capt. Scott, Mr. Wright said: "He was an ideal leader. Silent and unyielding, his confidence in his ultimate success never wavered. There was no sickness at the outset of the trip. Although he encountered many obstacles, the conditions on the whole were auspicious for success."

Wright was a member of the second supporting party, penetrating within a hundred and fifty miles of the South Pole. Capt. Scott and his party had covered 600 miles on their return trip when the fatal blizzard overtook them within so short a distance from safety.

## WILSON IS FIRM ON TARIFF BILL

Declares He Seeks No Compromise on Sugar and Wool Sections; Works Defends Aliens

WASHINGTON, May 15.—President Wilson will stand pat on the tariff bill, refusing to consider any compromise on the sugar and wool schedules. This statement was made at the White House today.

The President personally in his semi-weekly conference with newspaper men indicated emphatically that the stories that he is seeking to compromise are baseless, and indicated that this was his last word to the Senate on the matter.

Senator Works of California was the principal speaker in the Senate during the tariff consideration today. He defended the employment of foreigners in the California sugar industry, although he admitted that "some classes of foreigners are not desirable." He quoted statistics showing the average wages paid beet sugar workers.

## GAS, ELECTRIC STRIKE MAY SOON BE SETTLED

SAN FRANCISCO, May 15.—Representatives of the California Light & Power Council and the Pacific Gas & Electric Company resumed conferences today in an effort to settle the strike that has been crippling the light and power plants on Bay and Central California cities for a week. Although the deliberations were kept secret, it is generally believed the chances for an agreement are good.

## Blew Safe With Nitro-Glycerine Got \$2.50 Loot

SAN FRANCISCO, May 15.—Using a charge of nitro-glycerine shaking the building almost off of its foundations, cracksmen today blew a safe at El Vecchio Tuscano Hotel near the Presidio today. They got but two dollars and a half.

In spite of the general demolition of the interior of the hotel office, the inner compartment of the safe where hundreds of dollars were stored, held intact.

## Bulletins of News

### THE WEATHER

Fair tonight and Friday; light west winds.

### Egg-Laying Contest Is On at North Yakima

NORTH YAKIMA, Wash., May 15.—An egg-laying contest began here today when a score of clucking "biddies" in teams of five "left their marks" at the state fair grounds. The team which lays the largest number of eggs during the next four months will be declared champion of the country.

### 4000 Attend Seventh Day Adventists' Meeting

TAKOMA PARK, Md., May 15.—Remarkable growth of the organization was shown by reports of committees today when the Seventh Day Adventists opened their general conference here with 4000 delegates from all over the world in attendance. The conference will continue through June 8. The majority of the delegates are living in tents pitched in the woods which surround the beautiful buildings of the church here. There were representatives from Korea, China, Japan, Australia, Madagascar, Abyssinia and the Society island among the delegates.

### Rural Credit Commission at Rome

ROME, May 15.—With great ceremony and cordiality the Italian government today officially welcomed the American commission which came to Europe to investigate the rural cooperative credit system in vogue in Italy, Germany, Austria, France, Holland, and elsewhere. Victor Emmanuel will personally receive the American delegates who sailed from New York on April 26.

### Bryan Guest of Honor at Democratic Banquet

NEW YORK, May 15.—Secretary of State W. J. Bryan was the guest of honor at a luncheon given by Samuel Untermyer and attended by leading Democrats. The secretary speaks tonight before the Pan-American society dinner.

### Southern Sierra Co. Would Operate in Redlands

SAN FRANCISCO, May 15.—The Southern Sierra Power Company has applied to the Railroad Commission for authority to operate in Redlands.

### OBSERVATORY "CHILD" IS MARRIED TO PROFESSOR

SAN JOSE, May 15.—The first child to be born at Lick Observatory on the summit of Mt. Hamilton, Miss Mary Adeline MacDonald, was married here Wednesday evening to Dr. B. E. Wilson, a professor of the observatory staff. The ceremony was performed in the building in which Miss MacDonald was born.

### CHRISTENED STEAMER

LONG BEACH, May 15.—Mrs. Alpha Vance Morgan, an Oakland society woman, today christened the lumber steamer "Edgar H. Vance," named for her father, general manager of the Hammond Lumber Company, its owners. It is the largest lumber ship on the coast. It is 326 feet long and carries two and a half million feet of lumber.

## MASSON AND DEAN SAID IN SONORA WITH AEROPLANE

DOUGLAS, Ariz., May 15.—The constitutionalist leaders at Agua Prieta, opposite Douglas, today declared that Didier Masson and Thomas Dean, the aviators who were lately arrested near Tucson on suspicion of being en route to the state of Sonora which is engaged in warfare against the Mexican federal government, are in Sonora with a Glenn Martin biplane ready to aid the rebel attack on Guaymas. They say the five cases believed to contain their aeroplane, seized near Tucson, were decoys, and that the real machine was taken across the border.

Masson and Dean disappeared after their release by the American federal agents, and the constitutionalists say they were rushed across the border ready to fulfill a contract to drop bombs in Guaymas for which they will receive \$45,000.

## HONEY CROP IS VILLAGES SAID DECIDEDLY SHORT RAZED HAVE ESCAPED

Mountain Apiarists Will Do Little Extracting of Sweet Stuff This Year

## SAGE AND SUMACH GIVE LITTLE FEED

Probability is That Price Will Go Away Up—Reports Discouraging

If you are fond of honey, be prepared to feel sorry for yourself. The reason for sorrow is that honey is going to be a mighty scarce article this summer and next winter.

Orange county bees have been doing the very level best, as they always do, but that very level best is not going to produce any honey worth mentioning, not enough to allow the apiarists to do extracting.

Lack of late showers to keep the mountain plants blossoming is to blame for the condition. Not entirely, either, for the cold snap of last January had something to do with it, too. The cold set back nearly all of the sumach in the country, and the bees were robbed of that source of feed.

Orange county hillsides are green, compared to the hills of other parts of Southern California, and while the wild flowers have been plentiful there is no prospect of them staying on long enough to make the season. Sage bloom has been very light.

Andrew Joplin, who nearly always gets some honey from his apiaries if there is any secured anywhere in the county, expects to extract very little if any this year.

Reports from other counties of Southern California are to the effect that little or no honey will be produced this year.

## BIXBY FACES NEW TRUE BILLS

Old Ones Quashed For Error; Jury Probe Report Soon; Police Graft Unverified

LOS ANGELES, May 15.—Because of clerical errors the grand jury investigating the vice conditions here voted to amend the indictments charging George H. Bixby, the Long Beach millionaire, contributing to the delinquency of two minor girls. The original cases were dismissed by Superior Judge Wood. New true bills were immediately substituted.

When Bixby appears tomorrow to face the charges of contempt of court on account of his failure to appear in answer to a subpoena to testify at the preliminary hearing of Mrs. Josie Rosenberg, charged with pandering, he will surrender himself to Judge Woods' court to be arraigned on the new indictments.

### Jury May Give Report Today

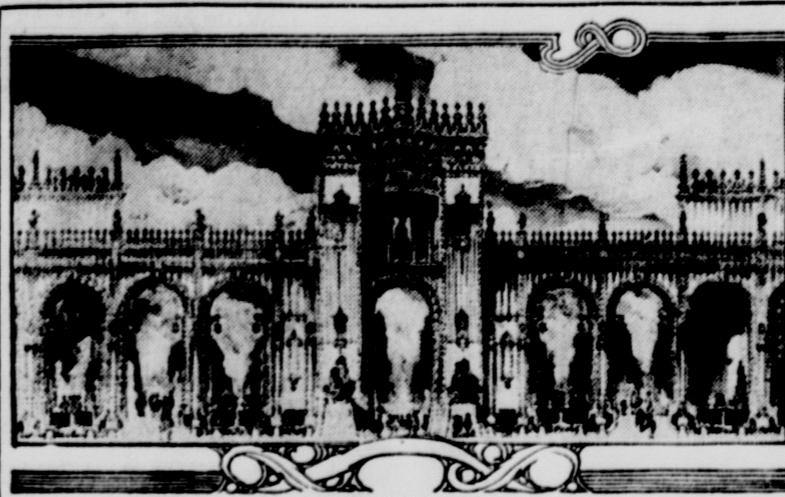

LOS ANGELES, May 15.—E. T. Earl, publisher and Progressive political leader, was the first witness before the county grand jury. Miss Mabel Johnson, aged 18, said to be the prettiest girl witness yet summoned, was taken to the witness room to await summons. The girl is a daughter of Andrew Johnson, a wealthy San Diego county rancher. The jury is expected to report late today.

### No Probe of Police Graft

LOS ANGELES, May 15.—Chief of Police Sebastian today announced there will be no further investigation of the charges of graft among Los Angeles police preferred by the convicted bunco men in San Francisco. After a conference with the district attorney's office Sebastian declared no corroborative evidence had been found, and the investigation was ended.

## JUVENILE COURT JUDGE LINDSEY IS SERIOUSLY ILL

## GOV. JOHNSON'S REPLY IS CABINET SUBJECT

California Executive Declines to Veto Anti-Alien Land Bill—State Demands Law

WASHINGTON, May 15.—The California Japanese situation will be considered by the cabinet tomorrow on Secretary Bryan's return from New York. The state department is reticent but admits it plans no action until Gov. Johnson signs the California bill.

### GOV. JOHNSON STANDING PAT ON ALIEN LAND BILL

WASHINGTON, May 15.—Governor Johnson's message announcing his determination to sign the California alien land bill was received at the state department last night. He said: "I feel my duty to my state compels me to approve the action of the legislature."

This final action by Governor Johnson puts the federal government in a position where it will be obliged to take up the cudgel for California in opposing Japan's protest. The next move will be for the United States government to make Secretary Bryan will be obliged to answer the protest which Ambassador Chinda has lodged with him. The United States certainly will go to the extent of maintaining that there has been no violation of the nation's treaty obligations, and Governor Johnson, through his message today, seems to make it

## STRIKE BREWERY EMPLOYES BREWING CINCINNATI CAR STRIKE SERIOUS

Several Hundred Employees Make Demand For Increase of Wages; Refuse Old Scale

SAN FRANCISCO, May 15.—Whether several hundred members of the allied crafts of the brewery industry of San Francisco will strike against the Brewers' Association to enforce their demands for a general wage increase, depends on the result of a meeting scheduled for late today. Representatives of the brewing crafts will confer with President Gallagher of the San Francisco Labor Council. Adam Huebner, international secretary-treasurer, who arrived today from Cincinnati, will attend the deliberations. The union recently rejected the employers' offer to renew the old agreement for a three-year term, threatening a strike unless the demands for higher wages are met.

## 500 BANKERS OF STATE WELCOMED IN SAN DIEGO

SAN DIEGO, May 15.—Five hundred California bankers attended the opening session of the California Bankers' Association. President Adams of the city council gave a welcome address and Assistant Cashier McCarger of the Crocker National Bank of San Francisco responded. The report of various officers and committees were read. The delegates visited the 1915 exposition site and attended a play at the Point Loma Greek Theater this afternoon.

## LAST RESIDENT OF TOWN

RAWLINS, Wyo., May 15.—Mrs. Mary West, for the last year the only dweller in the deserted town of Caribon, was brought to the county hospital here yesterday. She was found yesterday in a critical condition from starvation, having been helpless from illness since May 3. Beside the woman when she was found, was an aged collie dog, which she said had not left the room since his mistress fell ill.

## REDFIELD IS SCORED BY MONDELL

Wyoming Congressman Declares Speech to Lithographers Is Ungracious

## SAYS MANUFACTURERS ARE BEING THREATENED

Underwood Stands Pat by Saying Discharge of Employees Will Be Probed

WASHINGTON, May 15.—Stinging criticism of the address of Secretary of Commerce Redfield to the National Employing Association of Lithographers last night in which the secretary announced the determination of his department to watch the effects of the tariff bill on employers, was made in the house today by Representative Mondell of Wyoming. He characterized Secretary Redfield's speech as "threatening American manufacturers with an investigation if wagers were reduced as result of tariff revision." Mondell declared: "No statute contemplates that the department of commerce shall endeavor to coerce men to continue in business at a financial loss. Has the secretary any fund to compensate manufacturers if the Underwood tariff causes serious financial loss? It is particularly ungracious that men of high standing and high responsibilities should cold-bloodedly warn industries that they will be investigated to learn whether their machinery is up to date, and whether their methods in the mighty opinion of the Secretary of Commerce are modern."

Representative Underwood followed Mondell, serving notice that government investigation of "big business" will be pressed if big business lowered wages, giving tariff as the cause, but added if injury is done to legitimate business through the Underwood tariff bill, the mistake will be rectified.

## 100,000 TRAINMEN REFUSED INCREASE: BROTHERHOOD TO AID

SAN FRANCISCO, May 15.—If the 100,000 trainmen who have been refused an increase in wages by 57 eastern railroads strike, as now seems certain, the Brotherhood of Railroad Trainmen of the United States and America, which is holding an annual convention here, will support them morally and financially. This was unanimously voted today when the real work of the convention was taken up. The Oakland delegation announced today that they have been practically assured that the next convention will be held there. The vote on this question probably will be taken tomorrow.

## SUFFRAGETTES ARE AGAIN SUSPECTED

LONDON, May 15.—A cannister filled with explosives but without a fuse was found today on the grounds of the National Art Gallery and suffragettes are suspected. Home Secretary McKenna is considering a plan to arrange for detailed troops to guard public buildings. Five hundred Scotland Yard men are already on this duty. Others have been detailed to guard the homes of cabinet ministers and for the surveillance of suffragette leaders.

MONTREY CHOSEN SACRAMENTO, May 15.—Montrety, Cal., has been selected by the Knights of Columbus as next year's convention city. The convention here closed late Wednesday night with a grand ball.

## RUNS ALL TOLD NUMBER FORTY-FIVE

Seniors Outplayed the Schoolmasters in Game Yesterday; Score 36 to 9

(By Vern Smith.)

Official score: Seniors, 36; Schoolmasters, 9.

This is the official record of the grand farce pulled off at the Lincoln Athletic park yesterday afternoon. It could not be called a baseball game on account of the number of runs and errors. A good name for it would be a track meet between some spry and limber young colts and some not so spry truck horses.

Through telegraphic conversation between the officials and several adding machine manufacturers it was learned that they did not make adding machines rapid enough to add the number of errors and sore muscles of the schoolmasters. There fore the exact number of errors is not known. As for the sore muscles, call up Prof. Cranston.

Over in one corner of the bleachers a great noise was heard and upon going over there it was learned that one of the bleacherites thought he had discovered a new comet, but it proved to be only Prof. Shaw's apex as he was jumping from first to second.

Although several hundred balls passed Prof. Whitely in left field, he managed to square himself by grabbing one hot drive and put a senior out. The real master player of the day was Prof. Clayton at shortstop, with his pickup and back-hand fly catching. He certainly is the original kid when it comes to base sliding.

Simply seeing Prof. McMath fan the air trying to connect with the pill was easily worth the price of admission. He resembled a fat man taking exercise with a toothpick.

What puzzles me is the fact that the learned tutor of baseball, Prof. Phillips, was not on the diamond sweating the pill around and making runs for the schoolmasters.

In spite of all this there were several hair raising stunts pulled off. For instance, Prof. Cranston trying to catch the ball with his eyes shut.

The bleachers were filled and the student body can rejoice that it has money to spend.

The line-up follows:

Seniors	P	Schoolmasters
West	P	Beswick
Pontz	1B	Ratliffe
Toury	2B	Denton
Tedford	3B	Cranston
Smith	SS	Shaw
Walters	LF	Clayton
Wright	CF	Whitely
Baker	RF	Stewart

## INCUBATOR BURNS AND HOUSE IS DESTROYED

Anahelm Gazette: The three-room residence of W. H. Kerr, situated on the north side of the county road five and one-half miles west of this city, was burned to the ground at 6 o'clock on Monday evening. Fire resulted from a defective coal-oil lamp in an incubator, and the blaze was discovered while Mrs. Kerr was preparing the evening meal. The incubator was kept in one of the rooms of the house and contained 500 eggs which were ready to hatch. Fifty chicks in the room were burned, together with the incubator, the residence and its entire contents. With Mrs. Kerr at the home were her mother, aunt and three children. The blaze burned so fiercely that none of their clothing nor any of the household furniture could be saved. Neighbors quickly gathered and by Herculean efforts saved an adjoining building, barn, and tank and windmill. None of the family was injured. The loss is estimated at \$750. Mrs. Kerr and her mother and aunt spent the night in the saved building and the children were taken to the homes of neighbors.

Mr. Kerr was absent in Los Angeles at the time of the fire and was communicated with by telephone. He came down on Tuesday morning. He will probably rebuild.

## PROMISE CHEAP WATER THEN REPUDIATE

State Railroad Commission Severely Scores San Diego Irrigating Company

In rendering its decision upon the application of the Encanto Mutual Water Company to raise its rates the railroad commission has taken occasion to criticize severely the practice of some land companies who promise cheap water and then repudiate these promises.

"This custom is entirely too prevalent," says the commission, "and constitutes what I consider a fraud on its face. The usual plan is for the land company to secure a tract of land for comparatively a small amount and thereafter, for the purpose of selling such land, to acquire a supply of water (in this case from a public service water company), and agree to insure the perpetual delivery of such water to the purchasers of lots at a very low cost. Such an arrangement, of course, gives a strong argument to the agent selling the lots, and the fact that the unsuspecting purchaser thinks that he will be insured a continuous supply of water at the very cheap rate enables the land company to sell its lots at a greater profit than would otherwise be the case. The usual outcome of this scheme is that the land company sells off its lands and either abandons or unloads its system upon some none-too-suspicious buyer, who finds himself with contracts for the delivery of water, as in this case, which cannot under any circumstances be fulfilled, and the inevitable application is made to this commission, as here, to raise the rates."

"I consider that every cent of additional payment which the Richland Realty Company secured from the lots sold in Encanto which was secured by reason of its promise to deliver water at the rate of 10 cents per 1000 gallons, such delivery to be perpetual, was obtained practically through false representations and fraud, and the only way in my mind those profiting by this arrangement could clear themselves of this imputation is by attempting to carry out the provisions of their contracts, at least until they had dissipated all of the profits which they had made from their land operations. A solemn obligation should not by honest men be treated as lightly as it seems to have been treated in this case. It is no defense to say that the purchasers of its lots have profited in that such lots have increased in value. This land company made a promise, as a result of which it reaped a benefit. It should not retain the benefit and repudiate the promise, even when such repudiation is secured by unloading the property upon a purchaser unable financially to endure the loss which necessarily follows from carrying out its contracts for water independent of the land venture."

The Encanto Mutual Water Company operates in San Diego county. The system was constructed by the Richland Realty Company which owned a tract of land. To each person who purchased land from the Richland Realty Company the Encanto Water Company contracted to supply water at a price which would not be in excess of 10 cents per 1000 gallons. The Encanto Water Company was in turn purchasing water from the Southern California Mountain Water Company. A rate of 20 cents per 1000 gallons was subsequently established by the Southern California Mountain Water Company, and the Encanto Water Company found itself in a position of paying 20 cents per 1000 gallons and selling the water for 10 cents per 1000 gallons. It thereupon made application to the commission to raise its rates to 25 cents. The commission scores the company, but finds that it cannot be compelled to serve its water at a loss, and allows the rate of 25 cents per 1000 gallons.

## SECRETARY BRYAN MEMBER OF Y. M. C. A. FOR THIRTY YEARS

On Secretary of State Bryan's recent visit to California he officiated at the cornerstone laying ceremonies of the new Y. M. C. A. building at Sacramento. He gave an excellent characteristic Bryan speech, in the course of which he remarked: "I have been a member of the Y. M. C. A. for more than thirty years. The association in my home town, Lincoln, Neb., has given me a gold case in which to hold my membership card and that has been my chief method of identification in case I go to a place where I am not known."

## AGRICULTURE HIS SPECIALTY

Man Chosen to Take Charge of Department Here Graduates at Oregon College

His Home Being at Alhambra He is Familiar With Conditions in This Section

OREGON AGRICULTURAL COLLEGE, Corvallis, Ore., May 15.—The Polytechnic High School of Santa Ana, Calif., has just appointed George M. Montgomery, who graduates next month from the Oregon Agricultural College, to take charge of the instruction in agriculture there. Another O. A. C. boy, Arthur R. Chase, has been chosen by Jackson county as rural school supervisor, to give particular attention to the organization of agricultural instruction.

The Santa Ana Polytechnic is a new high school to be finished this summer. It is planned to conduct an experiment station in connection with the school, on which the students will do the work under the direction of Mr. Montgomery. It is a district much interested in citrus fruits, in the growing of sugar beets, and in the new salad fruit, the avocado. Mr. Montgomery has specialized on lemon culture and grape growing, and as his home is at Alhambra, but thirty miles from Santa Ana, he is thoroughly well acquainted with conditions and soils there.

Before coming to Oregon Mr. Montgomery was for six years at Occidental College, and after graduation here next month he goes to Berkeley to study in the summer session of the University of California before entering upon his duties September 15.

## KELLY MAY TACKLE A BASEBALL CAREER

Los Angeles Times: Fred W. Kelly of the University of Southern California, one of the world's greatest athletes and the world's greatest hurdler, is another of our star Southern California athletes who may be seen in a big league baseball suit. It will be remembered that Walter Johnson, who is setting the baseball kingdom on fire, came from Orange, but they are only a few miles apart and it seems baseball is bred in the bone in that country.

In talking to the writer the other day, Fred remarked that some time he might play baseball, as he thought it would be a good way to make his start in the world after getting through with his college course. He said that while in the east last summer he played a little ball and attracted the attention of some of the Detroit big leaguers.

Prior to this time, Jim Thorpe, the

wonderful Indian athlete who is now with McGraw, played ball with Kelly in Sweden and later in the east. He at once told Fred to get busy and let it be known that he could handle the old pill and was very enthusiastic over Fred's ability.

Kelly is one of those natural all-around men, but his successes in hurdling have so taken the world by storm that few realize that he has ability along other lines. Now, as a matter of fact, he has speed to burn and can handle anything hit around third base. He is a natural fielder and a free hitter. His cool head and keen mind would stand him well in the great national pastime.

In speaking of the matter recently, Kelly said that he had been approached several times by various managers but had decided to finish his career as a track athlete first, although he intends to play baseball from now on during the fall and summer months. Kelly is a sophomore and has two more years at the university. He is 21 years old.

Yes, Kelly has the makings of a great ball player in his system, and it would behoove some of these foxy managers to get busy and look him over some time after he gets into diamond condition.

## WALTER JOHNSON THROWS FIFTY-SIX SCORELESS INNINGS

Nobody Watches Great Pitcher With More Interest Than Does City Clerk Burke

Walter Johnson, the greatest baseball pitcher alive, is setting a new record in baseball. Johnson began playing baseball when he was a schoolboy at Olinda. City Clerk Joe Burke was one of the first to recognize the youth's ability. At that time Burke was playing on the Olinda team. No one in Orange county watches Johnson's career with keener interest than does Santa Ana's city clerk.

A dispatch of yesterday has the following:

"ST. LOUIS, May 14.—The St. Louis club ended today Walter Johnson's string of consecutive scoreless innings with one out in the fourth. Added to his former record of 52 2-3 innings the three and one-third Johnson pitched today make his total 56, equaling the best claimed for 'Doc' White of the Chicago Americans."

"As official reports show White to have been scored on by Cleveland on September 2, 1904 (the year in which it is claimed he made his record) Johnson and his team mates tonight claimed the record for him. The best mark said to have been made by Coombs of the Philadelphia Americans in 1916 was 53 1-3, which Johnson passed today."

### THIS INTERESTS EVERY WOMAN

A family doctor said recently that women come to him thinking that they have female trouble, but when he treats them for their kidneys and bladder, they soon recover. This is worth knowing, and also that Foley Kidney Pills are the best and safest medicine at such times. You cannot get better, purer medicine for backache, weary, dragged out feeling, aching joints, irregular kidney and bladder action and nervousness due to kidney troubles. Try them. They are tonic in action, quick in results. Rowley Drug Co., White Cross Drug Co.—Advertisement.

### For the Weak and Nervous

Tired-out, weak, nervous men and women would feel ambitious, energetic, full of life and always have a good appetite, if they would do the sensible thing for health—take Electric Bitters. Nothing better for the stomach, liver or kidneys. Thousands say they owe their lives to this wonderful tonic. Mrs. O. Rhinevaunt, of Vestal Center, N. Y., says: "I regard Electric Bitters as one of the greatest of gifts. I can never forget what it has done for me." Get a bottle yourself and see what a difference it will make in your health. Only 50c and \$1.00. Recommended by all druggists.—Advertisement.

## DECORATIVE WORK NOW COMMENCED

SAN DIEGO, May 15.—Decorative work for the Southern California Counties building at the east entrance of the San Diego 1915 exposition has been started under a sub-contract let by the John Simpson Construction Company, and already a number of stock and plaster decorative pieces, illustrative of the exhibit, and its purpose, may be seen at the works of the contractor on the ground.

Each week shows the work of the Southern Counties' great exhibit further advanced, and going ahead rapidly. The growth being made by the five-acre citrus grove, and by the many plantings on the tract of the Model Farm, continues to be very pleasing and satisfactory.

Tuesday, May 6, the State Editorial Association was entertained in the auditorium of the electricity building, which was the first use that building has been put to, and that before it is altogether complete.

The visiting editors, here for their annual outing, were welcomed to the exposition grounds by First Vice-president G. A. Davidson in a brief address, to which Friend W. Richardson, president of the editorial association replied, after which the visitors were told by Director of Exhibits Dr. E. L. Hewett briefly of the scope and purpose of the 1915 exposition.

The visitors were afforded every opportunity to see just what has been accomplished, and what is proposed to do before January 1, 1915. Later they were served with refreshments by the members of the San Diego Ladies' Press Club in the administration building.

### Help Wanted in Santa Ana

And Furnished by the Help of Santa Ana People

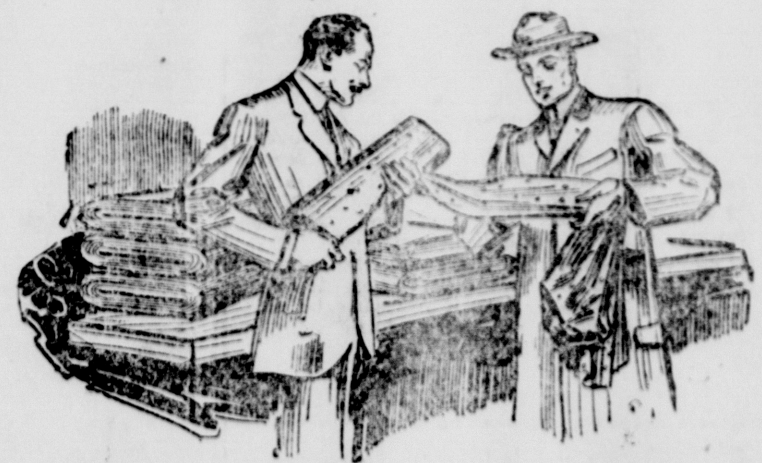

Those who suffer with kidney backache, urinary ills or any little kidney or bladder disorder, want kidney help. Who can better advise than some Santa Ana resident, who has also suffered, but has had relief. Santa Ana people recommend Doan's Kidney Pills. Here's one case and there are many others.

W. N. Nelson, 824 E. Fourth St., Santa Ana, Cal., says: "Of and on my back was so painful that I could hardly turn in bed. I had to change my position every little while. I also had rheumatic pains. I used several boxes of Doan's Kidney Pills and was rid of the pains and aches. I have had no further trouble since. Several years ago I publicly recommended Doan's Kidney Pills. The endorsement I gave them at that time still holds good. I haven't needed any kidney medicine for quite awhile. You may continue using my former recommendation."

For sale by all dealers. Price 50 cents. Foster-McBarn Co., Buffalo, New York, sole agents for the United States.

# A Money - Saving Proposition!

When we make a suit of clothes it's up to us to know that everything about that suit is absolutely right.

In the first place the cloth must be right, all wool, fast color and good texture.

Then the "inside" materials must be of a quality that will "stand" as long as the suit lasts.

The tailoring of course is the most important part, for if the suit is not built it won't hold its shape.

When we build a suit you can depend it will hang well, fit and look well as long as it lasts and we can safely say that it will last as long as two ordinary ready made suits.

It pays a man to pay for good tailoring as there is no other business-like way to get good clothes and the man of good clothes judgment knows there is a big difference in tailoring.

Every detail in making garments produced by Lutz & Co. is handled by skilled men along the most advanced and scientific lines.

Everything that goes into the production of clothes made by us from materials to labor are only the BEST in every department.

## ANNOUNCEMENT PARTY

Betrothal of Miss Helen Hoefler to Albert Stedman Made Known Yesterday

Mrs. Arthur Hoefler and Miss Marjha Schildmeyer entertained in compliment to Miss Helen Hoefler, whose engagement was announced during the afternoon. The pretty compliment was given at the Hoefler ranch home in Tustin. A beautiful 2 o'clock luncheon was served, the guests being seated at small tables in the center of which were white straw baskets filled with pink sweet peas and ferns, and upon the handle of each waved a feathery bow of tulle. Similar decorations adorned the house.

At each place was a smaller basket tied with pink ribbons in which were salted almonds. During the luncheon service small pink frosted cakes were passed to each guest and baked in each was a card bearing the names Helen Hoefler and Albert Stedman. This novel announcement was happily received by the guests and the bride-to-be showered with good wishes and expressions of love from her friends. Upon leaving the luncheon tables the company spent the remaining hours of the afternoon playing a nature study progressive game. Vocal solos were given by Miss Alfreda Holzgrafe and Miss Winifred Huser, and a piano duet by Miss Helen Hoefler and Miss Marjha Schildmeyer.

The guests were Mesdames John Rohrs, C. Hoefler, C. Andre and Mrs. Palmer of Long Beach; Misses Minnie Rohrs, Ida Schroeder, Elsie and Ethel Stutheit, Winifred Huser, Florence Mullinix, Mary Lutz, Alfreda Holzgrafe, Josephine and Helen Cubitz, and Miss Clara Johnson of Pasadena.

## Art Study Club

This club met last night with Mrs. O. S. Catland at her home on Wellington avenue to study the "Statue of the Chicago World's Fair," under the head of Sculpture, which is the general subject for the club's discussion for a period. Mrs. Emory Ratcliffe talked of the work of Daniel Chester French and read some interesting criticisms made by others on the products of his genius. Miss Fannie Pease read a paper on Solon, a florist who lived in Santa Ana twenty-five years ago. She told of many interesting things that are narrated of his life here, these being especially interesting to many of the club who had personally known Mr. Borglum during his residence in Santa Ana.

Refreshments were served by Mrs. Catland and a social time followed the study.

## Literature Section

The Literature Section met Tuesday afternoon at the home of Miss Talbot, 626 Ross street, all of the members being present. Mrs. H. A. Wassum gave an inspiring talk on "Mrs. Harriet Beecher Stowe," while "Rebecca Harding Davis" was taken up by Miss Talbot.

As a respite from their studies the club will hold its annual high jinks on Monday, May 26th, departing by auto for parts unknown, but with a supply of provisions ample for any emergency.

## Farewell to Mrs. Goodman

The ladies of the Woman's Guild of the Church of the Messiah yesterday afternoon surprised Mrs. Mary Goodman at her home on Twentieth street, the affair being a pleasant little farewell party for Mrs. Goodman who is an active member of the Guild and who soon goes north accompanied by her son Charles to spend the summer. She expects to return to Southern California.

Each lady present wrote a postal card to Mrs. Goodman to be read by her on the train during her journey north. The cards were all collected, placed in a silk bag and presented to Mrs. Goodman. Delicious refreshments taken in by the visitors were served before the guests departed.

Miss Grace Parker to Graduate

Miss Grace Parker's host of friends in Santa Ana will be interested to know that she is a member of this year's graduating class at the California Hospital.

Miss Parker was one of the most popular girls of Santa Ana when here and she will be showered with congratulations and good wishes.

## DOUBLE WEDDING

Former Santa Ana Girls Wedded in Single Ceremony at Ramona Park Home

Misses Leslie and Hazel Roberts, twin daughters of Mr. and Mrs. Abe Roberts of 407 West Seventeenth street, Santa Ana, were married last night at 8 o'clock at their Ramona Park home by Rev. Chas. H. Secombe, former pastor of the First Congregational Church of this city. They were given away by their father but were otherwise unattended during the simple, impressive ceremony. The brides were dressed in costumes of old rose and gray and carried shower bouquets of lilies of the valley and maiden-hair fern.

Miss Leslie Roberts was the bride of Weller Noble Liebler of Los Angeles, and Miss Hazel Roberts, the bride of Pembroke Edward Waugh, also of Los Angeles, where the future residence of both couples will be. Miss Daisy Roberts, sister of the brides, played the wedding march. The Misses Roberts with Mr. and Mrs. Hoyt Hall have been living since last autumn in a pretty bungalow home at Ramona Park. The rooms of the home were decorated with lovely pink roses, pink carnations and greenery.

A company of twenty, including the immediate relatives and a few close friends of the principals, witnessed the pretty home wedding. A handsome bride's cake was the principal feature of the simple collation served, the two brides simultaneously cutting the cake.

Mrs. Liebler and Mrs. Waugh formerly attended Santa Ana high school, and have a wide circle of acquaintances here. Mrs. Liebler has for two years been director of physical training in Berkeley Hall school, Los Angeles, and Mrs. Waugh has been private secretary to her cousin, E. H. Kennedy, business manager of the Bonner Fruit Company, Lankershim.

## For Miss Potts

Miss Hazel Stockslager, of 1514 North Main street, entertained Wednesday evening in honor of Miss Frances Potts, who leaves Saturday for the summer in Kingman, Arizona. Miss Stockslager had beautifully decorated her home for the occasion. A profusion of Cecil Bruner roses combined with ferns in many dainty gift baskets made a pretty pink and white effect in the rooms where the guests of the evening chatted over their embroidery.

Mrs. George Harper and Miss Stockslager contributed two sweet vocal selections to the evening's pleasure. During the evening light refreshments were served upon small tables. The delicate pink color scheme prevailed in the refreshments.

Those privileged to spend the evening with Miss Potts were Mrs. George Harper, Misses Alice Wesser, Rena Stafford, Zoe Vanderlip, Zelma Sturgeon, and Miss Blanche Judd of Texas, who is the house guest for the summer of Mrs. George Harper.

## Entertained Neighbors

Mr. and Mrs. D. G. Buchheim entertained Wednesday evening at their ranch home on the corner of Prospect and Santa Clara avenue. The company was made up largely of neighbors and a most enjoyable evening was spent in the playing of contest games in which one half of the guests were vying with the other half. When results were known the winning side was served with a large box of fine confections while the losers consoled themselves with all-day suckers. Several of the guests contributed musical numbers to the delight of all present.

The home was artistically decorated with pink and white roses and asparagus ferns. Mrs. Buchheim had the pink and white color scheme prevailing in the substantial refreshments she served, and also in the sweetmeats.

The guests were Messrs. and Mesdames G. W. Rockefeller, W. Freeman, Ernest Barger and Mr. and Mrs. E. Berry of San Francisco; Misses Eva, Carrie and Anna Payne, Messrs. Roy and Earl Seoth and Mr. McNutt of Los Angeles.

Santa Ana Painless Dentists, 102 1/2 East Fourth St. Main 253.

## VETERAN REBEKAHS

Santa Ana Association Tenders Reception to Visiting Sisters From North

A delightful affair was the reception given yesterday afternoon in Los Angeles by the Veteran Rebekahs of Santa Ana. A large number of them headed by the president, Mrs. Della Anderson, tendering this honor to the Veteran Rebekahs of the north now in attendance at the Grand Assembly meeting this week in Los Angeles.

The reception was held in the First Baptist Church of Los Angeles, where the Rebekah sessions are held in the forenoon. The decorations were in pink and green, these colors also being observed in the refreshments and in the souvenirs given to the guests. The refreshments were delicious ice cream and cake, and the souvenirs were gilded Klondike walnuts tied with narrow pink and green ribbon to which was attached a card on which were the words "Veteran Rebekahs, No. 4, Santa Ana, California." The salutes, presented by Mrs. John Holt of Tustin, a prominent Veteran Rebekah, were admired for their beauty and size. The Klondike walnuts of the Holt ranch are famous locally, and carried north by the Rebekahs will attract much attention.

Yesterday's reception was a notable feature of the social events of the assembly week and was greatly appreciated by the visitors from the north. It was quite an undertaking for a single society to undertake, but was successfully carried through by the local Veterans. The Veteran Rebekah Association of Santa Ana is the only one of the sort south of Sacramento.

## To Begin Prohibition Campaign

Mrs. Frank McElree returned home today from San Bernardino where she has been attending the state W. C. T. U. convention.

She announces that the women of the convention yesterday decided to begin an immediate campaign for statewide prohibition.

## Upham-Shoemaker

The Manila Times of April 12 has the following account of the marriage of Miss Blanche Shoemaker, formerly a teacher at Santa Ana and more recently of Orange, to Capt. Harry G. Upham, formerly of Orange:

"Immediately after tiffin on Thursday a quiet ceremony was performed at the Presbyterian Manse at 222, Calle Arquilla, when Miss Blanche Shoemaker, of Orange, California, who arrived on the Korea, and Capt. Harry G. Upham of the Philippine Constabulary were united in marriage by Rev. W. B. Cooke. The bride was attended in a traveling gown and hat, and was attended by Mrs. Bopp as matron of honor, while the groom was supported by Mr. Bopp. Capt. and Mrs. Upham are at the Manila hotel until Monday, when they will leave for Bataan, where Capt. Upham is stationed."

## Mission Meeting

The Women's Missionary Society of the First Christian Church met yesterday afternoon at the church, joining in a memorial to missionaries who died in the field. Mrs. Frank Seelye read a tribute to Almira Dickinson, and Mrs. Ellis talked of A. G. Alderman and T. E. Randall. Mrs. James O'Brien, who led yesterday's meeting, gave a talk on the work of Daisy Pearl Drake.

It was decided to ask all the women of the church to join in prayer each morning in the hour between 9 and 10 o'clock, for the success of the evangelistic meetings now in progress here. The society then adjourned to attend the meetings beginning at 3 o'clock in the big tent where the meetings are held.

# TOPICS ANNOUNCED FOR LAST OF WEEK

At a meeting of the pastors of the city following yesterday afternoon's meeting of the union revival, several matters relating to further meetings were decided upon.

The following topics were announced for the last of the week:

Thursday, 3 p.m.—"Is the Bible Fiction or Fact?"

Thursday night—"High Steppers and Side Steppers."

Friday, 3 p.m.—"Forgive Your Enemies—Can It Be Done?"

Friday night, 7:30—A sermon especially intended for the young people as well as the older people, entitled, "The Blue Bird" or "How to Be Happy." This sermon is based on Macmillan's play, "The Blue Bird."

There will be no meetings on Saturday, but on Sunday Dr. Brounger will address a meeting for men only, at 3 p.m., on the subject, "Paying the Fiddler." A meeting for women will be held at the same time in the First Methodist church to be addressed by Mrs. J. H. Norvell, of Los Angeles.

On Sunday night Dr. Brounger will preach his famous sermon entitled, "Climbing the Golden Stairs."

It was further decided that on Monday all the Christians in Santa Ana would be invited to get out and visit every home, store, and office in the city to invite people to attend the meeting Monday night, when Dr. Brounger will preach an illustrated sermon on "Heaven and Hell." This will be the only illustrated sermon he will deliver during these meetings.

Dr. J. Whitcomb Brounger preached a forceful sermon to a large audience yesterday afternoon on the subject, "Wireless Messages." He made the story of Peter played out of prison the basis of his unique talk on prayer. He showed three things concerning prayer. First: The supreme necessity in living a successful Christian life. Few people know and believe that prayer is an absolute necessity for Christian living. Second: It ought to be a real power in our lives. The Christian who does not pray is living just an ordinary life without real power or the Christian graces. Third: It should be an expression of absolute sincerity. Are our prayers real or are we just saying prayers? If we expect our prayers to be answered they must come from the heart. The life of real prayer will have many surprising answers. Many people do not know it when their prayers are answered. They think the Lord never answers unless He says "Yes." Dr. Brounger drove home these truths with striking illustrations and amusing but telling anecdotes.

Last night he preached on "A Runaway Couple." He took for his text Genesis 3:10, where Adam and Eve are described as running away from the Lord and hiding behind the trees in the Garden of Eden. Among other things he said: "Sin caused the first couple to run away. Sin usually lies behind every runaway couple. It is an exceptional case that justifies a couple's running away to get married. As a usual thing there is something wrong somewhere when a young couple cannot receive the consent of parents and friends to be married. In the case before us, we find that God has made every possible arrangement for the happiness of Adam and Eve; yet in spite of that fact they ignored his wishes and everything that was for their best interests, went in to sin, and then tried to run away and hide from the Lord's presence."

## THE LARGEST AUTO TRUCK SHIPMENT SO FAR RECORDED

On May 14 the Southern Pacific in connection with the Rock Island line will handle from Chicago a solid train load of commercial vehicles consigned to the Lincoln Motor Sales Company, Los Angeles. This shipment will consist of 154 motor trucks and is the largest shipment of this kind ever made in the United States. The train is to move over the Rock Island as a second section of the California Gold Ball freight into El Paso and as a second section to the Southern Pacific fast freight manifest train No. 241. It is expected that the running time from Chicago to Los Angeles will be 132 hours.

The importance of a shipment of this kind coming into Southern California should be appreciated by all auto dealers, as in fact it is the starting point of a new era of the auto industry. In connection with this it is mentioned that the Lincoln Motor Sales Company is now figuring on a location for the assembling of these machines in or near Los Angeles which will add a valuable industry to Southern California.

## "So Long, Mary"

A teacher in one of the primary grades of the public school had noticed a striking platonic friendship that existed between Tommy and Little Mary, two of her pupils. Tommy was a bright enough youngster, but he wasn't disposed to prosecute his studies with much energy, and his teacher said that unless he stirred himself before the end of the year he wouldn't be promoted.

"You must study harder," she told him, "or you won't pass. How would you like to stay back in this class another year and have Little Mary go ahead of you?"

"Aw," said Tommy, "I guess there'll be one more Little Marys."—Weekly Telegraph.

## IS PREPARING FOR BIG DAY

Local Moose Lodge Has Appointed Sub-Committees For Celebration

At the meeting of the Central Committee of the Moose Lodge, held last night, the following sub-committees were appointed:

Advertising and local publicity—C. S. Shaw, J. C. Metzger, W. L. Dugan, Finance—W. O. Codling, L. R. May, C. S. Shaw.

Sports—George West, Fred Opp, A. L. Freeman.

Music—B. B. Kelley.

Reception and Entertainment—Cowen, chairman; J. W. Mitchell, I. B. Carpenter, R. B. Kelley, E. W. Spradlin, Fred Opp, A. L. Freeman, George West.

Banquet—Charlie Phipps, chairman.

Speakers—W. O. Codling.

Personal Work—W. O. Codling.

Transportation—R. S. Dickinson.

Treasurer—Chas. S. Shaw.

The next meeting of the committee will be held next Monday night. Everything points to the affair being a big day for Santa Ana. The several members of the committee are enthusiastic about the outcome of the celebration, and will spare no pains to make the picnic a success.

A letter, to be sent to all lodges in Southern California, inviting them to participate in the day, was read, and adopted as read. It is the purpose of the committee to send a representative to every one of these lodges to make a personal plea to have them come to Santa Ana June 9, and help swell the crowd.

## HIS DOGGING DID NOT WORK

Man Who Tried to Evade Speeding Penalty Pays a Fine of \$25

FULLERTON, May 15.—About two weeks ago R. E. Wells of Los Angeles was arrested in Fullerton on a charge of violating the auto speed law here. He was released with the understanding that he would return in a day or two and pay his fine. He failed to put in an appearance and it was learned later that he went to San Francisco. When Wells was first arrested he did not give his true name. It was learned Monday that he had returned from the north to Los Angeles. Nightwatchman Wheeler was in Los Angeles last night and made Wells accompany him to Fullerton in the automobile at 10 o'clock. A Fullerton justice was called up at that hour and imposed a fine of \$25 upon Wells, which was paid.

At the meeting of the board of trustees Monday night, a petition with thirty-four signatures was presented asking for the removal of Nightwatchman Wheeler on the ground that "he is creating dissatisfaction in the discharge of his duties in the manner in which he performs them." The matter was referred for investigation to Trustees Smith and Walton.

J. A. Smith received the news this morning of the death of Jed Brush, who was lieutenant governor in Colorado up to the close of the last term. Mr. Brush died at his home in Greeley, Colorado. He was an old-time friend of Mrs. Smith and spent some time here with Mr. Smith last year.

**Shoes and Nerves**  
Travelers say that the reason why nervous people don't exist in China is because it is there the custom to wear soft shoes. There is no doubt that hard-soled, creaking footwear is responsible for much nervous wear and tear, as well as much physical fatigue in western lands. Tired feet and tired nerves will find solace in the warm footbath with a handful of sea salt in it. Move the feet about, or keep them still, as best please you, as long as the water is pleasantly warm, then dry them with rough towel and put on a fresh pair of stockings.

### Passing It On

## COLLIDED NEAR COUNTY LINE

Oakland Woman Killed in Accident on Whittier Road Yesterday Afternoon

WHITTIER, May 15.—At 2:30 o'clock yesterday afternoon an automobile owned and driven by Robert George, a wealthy resident of this city, collided with a big six-cylinder car owned by A. E. Carlin of Oakland, and Mrs. Carlin received injuries which resulted in death at 7 o'clock last night.

The accident occurred on the county road near the Leffingwell rancho. Mr. George was alone in his car, a Hudson "37." Mr. Carlin was driving a six-cylinder seven-passenger Pierce-Arrow and was accompanied by his wife, a niece, and Mr. and Mrs. E. James Finney, and a chauffeur, all of Oakland.

Mrs. Carlin was caught under the big Pierce-Arrow and besides a fractured skull received a cut almost across her forehead and was badly cut about the face and eyes by flying glass.

F. W. Wright, a local real estate man, was following close behind the Pierce-Arrow and was first to aid the injured, sending Mrs. Carlin to the Whittier hospital in his machine and helping to clear the wreckage from the road.

The Oakland party was returning from San Diego to Los Angeles and, according to witnesses of the accident, were just rounding the turn in the road a short distance this side of the Orange county line. It is said that both machines were traveling at a high rate of speed and the big Hudson struck the Pierce-Arrow a glancing blow completely wrecking the rear part of Carlin's machine and overturning it. The front wheels, radiator and entire front of the George machine were reduced to a heap of scrap iron. Both parties claim they were on their own side of the road when the accident occurred. Mrs. Carlin was the only one seriously hurt.

## Opportunity Is Ever Present

In a sense every man regards New Year's day as a new beginning in his life. But every day, every hour, holds this opportunity for every man; namely, that if he has failed up to that moment he may at that moment begin anew. The opportunity to resolve to begin anew is present. How to begin may not be apparent, but rest assured that to every man and woman resolved to do his best, opportunity will come. Perhaps it will come all the quicker if sought. There is no greater untruth lying around as a stumbling stone in the world today than the statement that opportunity comes but once.

Of course opportunity for material success—money opportunity—is not the highest form of opportunity, but it is a mighty good opportunity to embrace. Save your money, open an account with this bank and be ready for any and every opportunity that comes your way.

## LOS ANGELES PRODUCE MARKET

Local raspberries and dewberries are a feature of the market yesterday. A fair shipment was received from the berry-producing sections around Montebello. Raspberries were quoted at 15 to 16 cents a basket—cheaper than the price on the first shipment. Dewberries, which are practically the same as blackberries, brought about 6 to 8 cents a basket. Strawberries continue to arrive at about their usual rate.

Cherries were somewhat firmer, as the demand is heavy, and receipts are none too large. Figs were received and were quoted down. The fruit, which comes from Coachella valley, is very fancy. Apricot receipts are increasing; the range of prices was lower in some instances. No apples were reported in and receipts of this fruit are becoming irregular. A good supply of Mexican limes at \$1.50 a basket was in evidence. Oranges are a little higher. A few shipments of summer Valencia have been received. Lemons are about steady; in some instances a little advance has occurred. Grapefruit continues about the same. The citrus market remains pretty dull. Loquats are still in evidence. Some prickly pears have been received from San Jose.

About a hundred sacks or so of green and wax beans were received and met with a good demand. It looks like lower prices in a few days for this line. Imperial valley corn was received and sold cheaply. It was cleaned up pretty rapidly, however. A few peppers are on the market. Dried chile shows upward tendencies. In some instances prices have advanced a little.

The butter and egg markets are practically featureless. There were no changes and prices have been nearly steady for several days. Potatoes, for storage purposes, were offered.

**NOTICE**  
To Dealers in Machinery for Handling Gravel and Sand and for Crushing Rocks.

The Board of Supervisors of Orange County will receive bids, accompanied by complete plans and specifications, for furnishing and installing equipment for the operation of a gravel pit, consisting of belt conveyor, bucket elevator, rotary screen and rock crusher.

Bids therefor must be on file with the Clerk of the Board of Supervisors on or before 2:00 p. m. of the 24th day of May, 1913, at which time they will be publicly opened and read.

The operating capacity of the equipment shall be 300 cubic yards of material per day of eight hours.

The plant will be located in Santiago Creek, at the crossing of the Tustin Branch of the Southern Pacific Railroad, approximately two miles east of Orange.

Copies of "Instructions to Bidders" and complete specifications may be obtained at the office of the Orange County Highway Commission in the Court House, Santa Ana, and in the office of the Clerk of the Board of Supervisors.

A certified check for ten per cent of the amount of the bid, made payable to the County of Orange, must accompany each bid, as a guarantee that if the bid is accepted, a contract will be entered into in conformity with the bid, the instructions to bidders, and the general specifications above referred to.

The successful bidder will be required to file two bonds, with sureties satisfactory to the Board of Supervisors, one for the amount of 25 per cent of the contract price, as a guarantee of faithful performance of the contract, and a second bond in the amount of 50 per cent of the said contract price to secure the payment of claims for materials or supplies used or labor employed in the execution of the work.

The Board of Supervisors reserves the right to accept or reject any bid, at its option, as may be deemed for the best interests of the county.

By order of the Board of Supervisors of Orange County, made this 7th day of May, 1913.

W. B. WILLIAMS, County Clerk.

## SUIT IS OVER CASKET BILL

Undertaker Alleges \$80 Bill  
Was Authorized by F. M.  
Gilbert and Son

George W. Fusen is dead and bur-  
ied these two years past, but his fun-  
eral bill has not been paid. That  
bill is \$80 and over it Mills & Win-  
barger, undertakers, are suing F. M.  
Gilbert and his son, W. W. Gilbert.  
The case is up for trial in the justice's  
court this afternoon.

Two, A. Winbarger testifies that  
when Fusen died at the County Hos-  
pital he learned that a small house  
and lot on West Second street had  
been bequeathed by Fusen to W. W. Gil-  
bert with the understanding that he  
should see that Fusen should be de-  
cently buried.

Winbarger says that he went to F.  
M. Gilbert and the son and informed  
them that Fusen was dead. They  
went to the undertaking establish-  
ment and selected an \$80 casket, in  
which Fusen was buried. When pre-  
sented with the bill, neither of the

defendants would pay it, and said so  
in an emphatic way. That is the rea-  
son the suit was brought.

### Sentence Suspended

Fred Dostaler today pleaded guilty  
to taking a cart belonging to E.  
Cavanaugh without Cavanaugh's per-  
mission, and Justice Cox gave him a  
ten days' suspended sentence.

### Sister Got Judgment

Judgment for \$101 was given today  
by Justice Cox to Mrs. Emerick  
against her brother, William Metz-  
gar. Mrs. Emerick brought suit on a  
board bill. Attorney Dick Harding  
representing her. Metzgar employed  
Attorney Clyde Bishop to fight the  
case, but when the time of trial ar-  
rived this morning Metzgar did not  
show, though his attorney was there,  
and judgment was entered in favor of  
the plaintiff.

The great calamity in Omaha was  
quickly overshadowed by the terribly  
disastrous floods in Ohio. Great suf-  
fering and sickness from colds and  
exposure resulted which Foley's  
Honey and Tar compound helped to  
alleviate. L. Poole, 2217 California  
St., Omaha, writes: "My daughter had  
a severe cough and cold but Foley's  
Honey and Tar compound knocked it  
out in no time. We have used it for  
years, always with good results."

### NOTICE OF CLOSING

Horseshoeing, blacksmithing and  
wagon repair shops will close Satur-  
day noon, May 3, and thereafter be-  
cause of the heat of the season. Cu-  
stomers are asked to be prepared, be-  
cause there will be no shops open.  
Per blacksmiths' agreement.

## JAP BUYS TEN ACRES OF LAND

Agreement Recorded Yesterday  
Afternoon—Property East  
of Anaheim

With the anti-alien bill in the lim-  
elight, every change in which a Japa-  
nese is concerned creates interest. A  
change of ownership of that nature  
was made known yesterday afternoon  
when there was recorded an agree-  
ment of sale of ten acres east of Ana-  
heim by Cornelius C. Covert to Kuit-  
seichi Shiotani for \$2500.

The agreement was signed on Oc-  
tober 3, 1912, before H. G. Ames, no-  
tary public, at Anaheim. By its terms  
\$2000 was to be paid at once, \$100 in  
thirty days, \$500 on March 2, 1913,  
\$1500 on September, 1913, and \$500 in  
March, 1914. Five shares of water  
stock of the Anaheim Union Water  
Company go with the land.

In this county no great amount of  
land is owned by Japanese. In the  
lowlands the Japanese have many  
ranches under lease for growing celery.  
Several ranches at El Modena are un-

der lease for strawberry growing.

### Intends to Collect

Because Calvin M. Canfield failed  
to pay \$75 attorney's fees and \$19.25  
costs after the superior court had  
found judgment against him for that  
in connection with the suit for di-  
vorce brought by Mary E. Canfield,  
Mrs. Canfield's attorneys have secur-  
ed a writ of execution from the su-  
perior court. The document has been  
turned over to Sheriff Haddock, who  
will endeavor to find something on  
which the money can be realized.

### Divorce is Given

An interlocutory decree of divorce  
was granted yesterday by Judge  
West to Mabel A. Young and against  
Frank Young.

### Court Notes

Judgment has been given in favor  
of the Michellens tire Co. against the  
Anaheim Motor Co. for \$6,550.

Mrs. Lily B. Nelson has petitioned  
the court to declare vested in her a  
homestead placed by her husband,  
H. C. Nelson, deceased, on lot 9, Maple  
tract. West & Koepsel are at-  
torneys for the petitioner.

Roy Hillyard has petitioned for  
letters on the estate of his father,  
Landen Hillyard, who died recently  
at Sawtelle. The estate is valued at  
\$1450. L. M. Hartwick is attorney  
for the petitioner.

### Change of Petitioner

Morris A. Cain has withdrawn his  
petition for letters of administration  
upon the estate of his father, J. M.  
Cain, who was killed by an electric  
car, and has asked that his mother,  
Mrs. Allie M. Cain, be appointed. On  
the original petition Mrs. Cain asked  
that her son be put in charge of the  
estate. Since then it has been deem-  
ed advisable to have Mrs. Cain made  
administratrix.

## NOT A SAFE ROAD FOR AUTOMOBILISTS NOT EXPERIENCED

Studebaker 25 Taken Over El-  
sinore Grade Yesterday by  
Wm. F. Lutz Co. Man

The road from San Juan Hot  
Springs to Elsinore over the ridge at  
the head of Sevierville canyon is far  
from a safe road for automobilists  
who are not thoroughly experienced  
and it is not a safe road for automo-  
biles that are not supplied with good  
brakes—brakes that hold.

This was the unanimous conclusion  
of a party of Santa Anans who went  
over the road yesterday in a new  
Studebaker 25, taken over the grade  
by Fred A. Ross of the Wm. F.  
Lutz Co. It is also the opinion of E.  
S. Gilbert, the dry goods merchant,  
who traveled the road about a week  
ago.

The road is now practically com-  
pleted. The Orange county portion  
has been finished three months. A  
crew of men are at work on the Riv-  
erside end of it now. The climb  
from this side is steep in places. A  
number of small crossings show  
where brush has been piled in to  
help out an automobile that has  
stuck in the mud. The crossings,  
however, are minor spots. The real  
danger is on the grades, which often  
turn sharp corners and in places are  
steep. On the Riverside end a num-  
ber of machines climbing the grade  
have struck loose dirt over hard  
rock. The wheels whirl in the dirt,  
strike rock suddenly and kill the  
engine.

The Riverside people expect to  
complete their work soon.

The trip is a beautiful one. Part  
of the way the grade is on the moun-  
tain side well above the creek. There  
are hundreds of places where mis-  
judgment or the failure to handle the  
car properly would bring disaster to  
an automobilist.

The Studebaker 25 took the trip  
excellently. Ross states that he  
would not advise any person not ex-  
perienced to attempt the trip.

"It is not a safe road for persons  
who are not thoroughly schooled in  
driving an automobile," said he.  
"There are sharp turns on shoulders  
of the mountains on the down grade  
—not one, but several. It is a long  
way from being a safe road. The  
road-bed is not bad."

Those who made the trip with Ross  
were J. P. Hatzfeld, Charles Romer  
and T. E. Stephenson.

E. S. Gilbert states he had no idea  
what he was going up against or he  
should never have attempted the trip.  
Will Diers went over the road Sun-  
day with his parents, Mr. and Mrs.  
Henry Diers. Diers is of the opinion  
that no person ought to tackle the  
trip unless his machine is in good  
working order, with good brakes, and  
the driver who is not all there stands  
a chance of getting into serious trou-  
ble.

### Best Medicine for Colds

When a druggist recommends a remedy  
for colds, throat and lung troubles, you  
can feel sure that he knows what he is  
talking about. C. Lower, Druggist of  
Marion, Ohio, writes of Dr. King's New  
Discovery: "I know Dr. King's New Dis-  
covery is the best throat and lung medi-  
cine I sell. It cured my wife of a severe  
bronchial cold after all other remedies  
failed. It will do the same for you if  
you are suffering with a cold or any bron-  
chial, throat or lung cough. Keep a bot-  
tle on hand all the time for everyone in  
the family to use. It is a home doctor.  
Price, 50c and \$1.00. Guaranteed by all  
druggists.—Advertisement.
